

MAY, 2-3,2025

Oran Bay Hotel, Ex. Sheraton

Managed by Accor

Joint Meeting of the 1st Congress of the Algerian College of Vascular and Endovascular Surgery and 9 th Pan Arab Conferences

Endorsed by

PROF. Mohammed Nadjib BOUAYED PRESIDENT OF ACVES

Pan Arab Vascular Surgeon
Association

PROF. AMR GAD PRESIDENT OF PAVA

The 1st edition of the Algerian College of Vascular and Endovascular Surgery in collaboration with PAVA will provide you a real high-level scientific program with the participation of specialist experts from more than 20 countries

Save the date of the ACVES and PAVA meeting 2-3 May 2025

Welcome Address

A Warm Welcome to the 1st Annual Congress of ACVES and 9th for the PAVA:

The Algerian College of Vascular and Endovascular Surgery and the PAVA are proud to present the Scientific Program for their 1st event. This prestigious event will bring together leading experts in the fields of vascular and endovascular surgery from across Algeria, the Maghreb, the Middle East, Europe and America. Over the course of two days, attendees will have the opportunity to participate in keynote lectures, panel discussions, and hands-on workshops covering the latest advancements and best practices in the management of a wide range of vascular conditions.

Pr S.BENALLAL
GENERAL SECRETARY of
ACVES /PAVA

Pr Ehab SAAD
GENERAL SECRETARY
of PAVA

Message from the President

Dear Collegues,

We are pleased to annonce that the 1st Congress of the Algerian College of Vascular and Endovascular Surgery and the 9th Congress of the Pan Arab Vascular Surgeon Association, will take place on 2nd-3rd May 2025 in Hotel Oran Bay (Ex Sheraton).

This meeting aims to foster collaboration and exchange of knowledge among professionals in our field.

We invite all physicians and surgeons dedicated to cardiovascular pathologies to attend, present their research and initiate debates on the lastet advancements in vascular and endovascular surgery..

Your insights and expertise are invaluable to the success of this event.

We look forward to welcomming you to what promises to be an enriching and inspiring congress.

Warm Regards.

Pr M.N. BOUAYED
PRESIDENT of ACVES
PRESIDENT of the PAVA

ACVES Board of Directors

President

Mohammed Nadjib Bouayed, PhD

General Secretary:

Souad Benallal, PhD

Vice President:

Industry Sponsored Scientific Symposia

(Non CME)

Friday, May 02

1:00-1:45 pm: Symposium Ziehm / BIOMEDIC

"The first Mobile Hybrid Room for endovascular surgery with integrated image fusion and 2k2k real image chain: Ziehm Endovascular Navigation and

Quantum Stream" Endovascular Repair of Aortic Aneurysms"

Raimondo Vitiello

Italy

Saturday, May 03

1:00- 2:00 pm : Symposium AURES

Scientific Program

Oran, 2-3 May 2025

The duration off each presentation is 7 mn

Official language is English / Frensh

(Simultaneous Translation)

DAY 1 - MAY 2, 2025

08.00 am: Registration

MASCARA AUDITORIUM

9:00 – 9.45 am Aortic Session I

Moderators: Koskas, M.Moualek, M.Bouzidi R.Denguir

1. False Lumen Occlusion in Aortic dissection

Tamer Khafagy **Egypt**

2. Challenging case Type III Thoracoabdominal Aneurysm When Hybrid repair is ideal.

Ayman Elsamadoni - Online- Egypt

3. The Challenges of managing Stanford A Aortic Dissection in limited resources countries.

Abd El Malek Bouzid Algeria.

4. Decoding Ascending Aorta and Arch Pathologies: Pioneering Advances and Evolving Paradigms.

Ahmed Eleshra **Egypt**

- 5. Use of Covered Stents in the treatment of aortic coarctation in adult,
 Ryad Sekkal Algeria
- 6. Chimneys for TAAA As An Alternative Approach To Custom Made Devices: Techniques, Safety And Durability.

Koussayer Samer – Online- KSA

9:45 -10: 00am Coffee break

10.00 – 10.45 am Venous Session

Moderator: J.Ben Cheikh R.Bishara M.Baba Ahmed

1. CVI guidelines- treatment of chronic venous insufficiency.

Deena Alqedra **UAE**

2. Efficacy of low-profile laser catheter in management all sites of reflux in varicose veins.

Ehab Saad, Egypt

3. Foam Sclerotherapy vs thermal ablative methods for the treatment of small saphenous vein incontinence.

Jihane Bencheikh Tunisia

- 4. Acute deep venous thrombosis; thrombectomy and stenting, Mahsoub Morad **Egypt**
- 5. Deep Venous Thrombosis, Alba, Cerulae Dolans, Surgical Intervention Outcome among Yemeni Patients.

Abdel Karim Alamry Yemen

10:45-11:15: Conference

Interest of Anti-XA Factors in the Treatment of Thrombo-Embolic Venous Diseases.

N.M.BOUAYED Algeria

11:15 – 11:45 am Welcome keynote and Opening Ceremony

11:45 – 1:00 pm Carotid Session (ACVES session)

Moderator: I Frikha, S.Benallal, Mahmoud Salah, Fouad SaadEddin

1. Systematic shunting under general anaesthesia for carotid endarterectomy: A prospective study.

Julien Sfeir Lebanon

- 2. "Gender specific outcome in carotid reconstruction- Fact or Myth?"

 Martin Storck, Online- Germany
- 3. Stroke prevention in CAS.

Mohamed Hamza Egypt

4. Endovascular approaches for carotid dissection/ dissecting aneurysms, Farouk Hassan Egypt

5. Carotid stenosis: Open Surgery Vs Endovascular Repair.

Leila Bouziane Algeria

6. Screening for significant carotid stenosis in coronary patients.

F.Arbia-Boujelthia Algeria

7. Carotid body tumours, update.

Khaled Elhindawi Egypt

8. Should carotid artery tumours be embolized pre-surgically?

Muhamad Ali Nahas Syria

9. CBT surgical complications related to Shamblin's classification.

Mohamed Najran Yemen

1–1.45 pm: Lunch Symposium

1:45 – 2:30 pm **Aortic Session II**

Moderator: N.M.Bouayed , M. Debieche, L.Bouziane

1. Optimizing Aortoiliac outcomes with the CERAB technique.

Mahmoud Salah Saudi Arabia

2. CERAB as a bail-out technique in management of aortoiliac occlusive disease. Hesham Sharaf Eldeen Egypt

3. Challenging case: Aorto-iliac occlusion.

Sameh Sayfo USA

- 4. Aorto-Renal involvement in Takayasu disease: Surgery or Endovascular?, Imed Frikha

 Tunisia
- 5. Aortic Aneurysm in Behçet Disease: Algerian Experience.
 Nor Eddine Benziada, Algeria
- **6.** Management of patients with prosthesis or endograft infection Fabien Koskas

 France.

02:30 – 3.15 pm EVC Symposium (European Vascular Course) at PAVA Thoraco-Abdominal Aortic Disease Highlights.

Moderators: Souad Benallal Mohamed Hosni

Chairpersons: Amr Gad, Ehab Saad, (Egypt)

- 1. Repair of complex AAA, the current evidence Amr Gad Egypt
- 2. Reliability of Motor evoked potentials in assessing Spinal cord ischemia during TAAA surgery

Michael Jacobs -Online- Netherlands

3. The Critical Role of a Healthy Proximal Landing Zone in Ensuring Durable Outcomes in TAAA Treatment

Moustafa Elfeky Germany

4. Role of IVUS in Aortic Dissection.

Sulaiman Elshamsi UAE

3:15 – 4:00 pm Innovations and Advances in Vascular Surgery Moderators: Emad .Hussein Nashwan Alattab , Yassin Rekhif

1. Regenerative Medicine: use of stem cell therapies, tissue engineering, and biomimetic materials.

Souad Benallal Algeria

2. Biological patches arterial usage, Damascus University hospital experience,

Hesham Hamza Syria

3. Impact of New Technology on Vascular Surgery Practice in Egypt,

Emad Hussein Egypt

4. Obesity and cardiovascular risk.

Mohamed Baba Ahmed Algeria

4:00–5:15 pm Venous Symposium AVF (American Venous Forum) at ACVES

| Moderator: Rashad Bishara, Nadjib M | ohamed Bouayed, Ravul Jandal | |
|--|--------------------------------------|--|
| 1. Introduction: Mohammed | Nadjib Bouayed, Algeria01mn | |
| 2. Welcome from the President, | Joseph Raffetto, - Online- USA 02mn | |
| 3. About the AVF. | Rashad Bishara , Egypt02mn | |
| 4. Consensus Statement on imaging | NIVL. | |
| Kush Desai - Online- | USA | |
| 5. Thrombectomy / thrombolysis for | acute ilio-femoral DVT : When & How? | |
| Anil Hingorani - Online | USA | |
| 6. Is it safe to ablate the GSV in PTS | S patients? | |
| Rashad Bishara | Egypt | |
| 7. Combined iliac vein compression & Ovarian reflux. Sachdev Ulka - Online USA | | |
| 8. Chronic post thrombotic ilio-cava | l occlusion. Pearls of practice. | |
| Arjun Jayaray - Online | USA | |
| 9. Discussion & Closing | | |
| 5:15–6:00 pm Poster session discussion in the Poster Area | | |
| Evaluation panel: M.Bouzidi, S.Benallal, A.Gheffar, M. Benmaamar. | | |
| (Selection of Best | Posters) | |
| | | |

Parallel Session – ROOM ORAN 1

5.00 pm-6.00 pm **PAD/ Lower Limb Session**

Moderator: Hesham Mostafa, M.Baguneid, A.Naga

1. The role and principles of Oncovascular Surgery.

Mohamed Baguneid

UAE

2. Popliteal artery aneurysm in a young patient with popliteal artery entrapment (challenging case).

Islam Atta

Egypt

3. Treatment of popliteal artery Aneurysm: what is the best repair?

Hadjer Boukerroucha

Algeria

4. An extremely rare aneurysm in the right distal external iliac associated with common femoral artery and isolated fusiform aneurysmal dilatation in the long of the right superficial femoral artery in 60-year-old.

Mareb Almahwiti

Yemen

5. MDCT angiography of abdominal aorta and arteries of the lower limbs, what is the contribution in vascular surgery practice?

Mohamed Islam Arfi

Algeria.

6. Off-the-shelf pDVA

Ahmed Naga

Egypt

06:00 pm: Closing of Session of the first day

8:30 pm: Dinner Gala

DAY 2 - MAY3, 2025

8:00 – 09:00: Registration

MASCARA AUDITORIUM

9:00 – 10:00 am Renal Replacement Therapy Session PAVA AVCES

Moderator: Hesham Sharaf Eldeen, M. Benmaamar, H. Benazala, , Omar Elkashef

1. Kidney Transplant; our experience in Jordan

Waleed Massoud – Online

2. Lessons from difficult surgical scenarios in kidney transplantation

Saber Rawashda Jordan

3. Tailored approach to central venous obstruction secondary to dialysis access / catheter

Jordan

Nashwan Alattab

4. Saphenous vein versus synthetic graft in arteriovenous fistula for haemodialysis in patient with inaccessible vein

UAE

Motassem Elsharif Egypt

5. Femoro-distal saphenous vein arterio-venous graft for renal dialysis

Hany Abdelmomen Egypt

6. Arteriovenous fistulas for hemodialysis complications and rescue,

Yasmine Chemlal Algeria

7. Surgical salvage of arteriovenous hemodialysis access compliations

Larbi Kada Algeria

10.00 – 10.15 am: Coffee Break

10:15 – 11:00 am Vascular Society UK and ESVS at PAVA Symposium

"Updates in Vascular Surgery",

Moderator: Ahmed Nasef, S. Sayfo, A.Bouzid

Chairperson: Amr Gad, Egypt

1. Optimizing medical therapy for Vascular patients

Patrick Coughlin – Online- UK

2. Patient selection and decision making in thoracic outlet obstruction

Andrew Garnham Uk

3. Management of infection in TAAA

Morad Sallam UK

4. Carotid Restenosis: Fix it or leave it?

Mohammed Nadjib Bouayed Algeria

5. Asymptomatic Carotid Disease: Do We Still Need to Operate?

Ahmed Nasef UK

11: am - 11:45 Hot Topics- Interactive Session

EVES Session at PAVA

Moderators: Ahmed Gamal, Sherif Esam

Panelists: Ahmed Gamal (Egypt), Amr Gad (Egypt), Khaled Shawki (Egypt), Mohamed

Hosny (Egypt), Sherif Elkerdawi (Egypt), Sherif Esam (Egypt)

1. Aortic Question:

Zone II TEVAR; what are the options?

2. Arterial Question:

Acute on top of Chronic Ischemia; do we have Game changer?

3. Venous Question:

Combined superficial Reflux and deep obstruction; which before which?

11:45 - 12.45 pm:

Lunch Break.

(PAVA assembly in parallel with the Lunch Symposium)

12.45 – 1:45 pm Vascular Trauma Session

Moderator: A.Gad, Sherif El Kerdaoui, N.Moro, Khaled Elhindawi

1. The controversy of pushing the limits utilizing endovascular therapy with trauma patients; a popliteal artery injury case presentation,

Mohamed Raafat

-Online

UAE

2. Revascularization versus amputation in severe peripheral trauma Case presentation.

Ahmed Khairy Saqr

Egypt

3. Open abdominal surgery for migration of patent ductus arteriosus occluder device

Nabil Almedwahi

Yemen

- 4. Limb salvage in War Related polytrauma with lower extremity arterial injuries,
 Ali Ahmed Barat

 Yemen
- 5. Temporary vascular shunt in mass casualties during the Israeli aggression against Gaza Strip: case series report.

Mohamed Kalloub. - Online

Palestine.

1:45 - 2:45 pm

VAS PCS-IWG session

Moderators: Louay Altarazi, F.Koskas I. Frikha

1. VAS Aim and purpose,

Mariella Catallano - Online

Italy

2. Why PCS-IWG,

Louay Altarazi,

Syria

3. PCS clinical score,

Pierre Luigi Antignani -Online

Italy

4. Ovarian veins reflux closure with low cost glue,

Ravul Jandal

India

5. Ovarian veins embolization, technical aspects,

Marcell Gyano -Online

Hungary

6. PCS final updates,

Louay Altarazi

Syria

2:45 – 3:45 pm _Visceral Segment session

Moderators: Morad Sellam Faouzi Bendaoud Malek Ben Mrad

1. Is MALS treatment in the domain of vascular surgery?

Hesham Mostafa

Egypt

2. Combined Symptomatic Spontaneous Isolated Renal and Celiac Arterial

Dissection,

Omar Elkashef

Egypt

3. How to revascularize renal artery stenosis complicated by resistant hypertension,

Malek Ben Mrad

Tunisia.

4. Endovascular Treatment of Mesenteric Occlusive Disease

Fouad Saadeldin

Egypt

5. Visceral artery aneurysms

Sameh Elimam

Egypt

6. Vascular unreported cases

Hasan Al-Ali

Syria

Parallel Session – ROOM ORAN 1

01:00 pm-2:00 pm PAD / Lower Limb Session II

Moderator: Saber Rawashda, Nabil El Midouahi, , N.Benziada, A.Hatri

1. Surgical management of the diabetic foot is the gold solution, time is tissue,

Abdelaziz Abdelhafez

Egypt

2. Endovascular Treatment for disease of the superficial femoral and popliteal arteries: what is the best?

Moussa Benmamar

Algeria

3. Al-azhar experience and recommendations in retrograde SFA recanalization,

Mohamed Yehia Zakaria,

Egypt

4.

5. Hybrid approach for multilevel arterial obstructions,

Mohammed Alshujaa,

Yemen

6. Management of Cardiovascular risk of diabetes

Ahmed Hatri

Algeria

7. IVL "intravascular lithotripsy",

Abdallah Omira

Egypt

2:00–3:00 pm Poster session discussion in the Poster Area

Evaluation panel: M.Bouzidi, S.Benallal, A.Gheffar, M. Benmaamar.

(Selection of Best Posters)

4:00 - 4:30 pm: Closing Ceremony:

- Awards ceremony for best posters: 50.000 DA or 200 Euros

-**Tombola: 50.000 DA** or **200 Euros**

- Closing Remarks and thank you from the organizing committee.

Parallel sessions Industry Symposia

<u>First Day:</u>

I. Hands-on and Workshops:

10:00-11:00 am: Duplex for Supra aortic Trunk: N.Benmehidi, M.Bouzidi

1:00- 1:45 pm: "The first Mobile Hybrid Room for endovascular surgery with integrated image fusion and 2k2k real image chain: Ziehm Endovascular Navigation and Quantum Stream" Endovascular Repair of Aortic Aneurysms: Raimondo Vitiello

II. Industry Exhibits:

- 1. Exhibition area featuring the latest products and services in vascular surgery.
- 2. Demonstrations and presentations from industry leaders

Second Day:

III. Hands-on and Workshops:

1:00 -2:00 pm : Ultrasound Duplex Techniques for Assessing Lower Limb Disease (arterial and venous) : MN Bouayed

- 1. Simulator Workshop . (Boston Scientific)
- 2. Venous Workshops (BD)

IV. Industry Exhibits:

- 1. Exhibition area featuring the latest products and services in vascular surgery.
- 2. Demonstrations and presentations from industry leaders

Instruction for Oral Presentation

- ♣ All presentations must be uploaded in "Speaker Ready Spot" and at least 30 minutes in advance of your session.
- ♣ We kindly ask you to bring your presentation on USB memory stick drive (USB-A/USB-C) to the Speaker Ready Spot where the technicians will upload the presentation into the system.
